SLUDGE REDUCER

Material Data Sheet

Date prepared 31/12/07

1. IDENTIFICATION OF THE PRODUCT & COMPANY

Material Identity	SLUDGE REDUCER
Supplier details	Cleansing Service Group Ltd
Address	Grange Road, Botley, Southampton, Hampshire SO30 2GD
Telephone	+44(0)1489 782232 Fax +44(0)1489 789821
Email	enquiries@csgwasteman.co.uk

2. COMPOSITION/INGREDIENTS

Description	Proprietary blend of dried consortia of bacteria on wheat bran flour base with nutrient supplements		
Synonyms	None		
Hazardous components	CAS number: N/A (Not applicable)	Name: N/A	Unit: N/A
	Weight: N/A	Other data: N/A	
	EC classification: N/A		

3. HAZARDS IDENTIFICATION

Under current regulations, there is no specific hazard labeling required for the components at the concentrations used in this preparation

Most important hazards Inhalation of powder and potential skin allergy.

4. FIRST AID MEASURES

General advice	In case of contact, immediately flush eyes or skin with copious amounts of water for at least 15 minutes. Lift eye lids while washing. Obtain medical attention if symptoms persist.
Inhalation	Take normal precautions for handling a powdered product. If symptoms persist, remove individual to fresh air. If the subject is not breathing, administer artificial respiration.
Skin contact	No known symptoms, however some individuals may be hypersensitive to this product. Therefore, wash skin thoroughly with soap and water. Obtain medical attention if irritation persists.
Eye contact	If splashed into eyes, wash with water as above.
Ingestion	Should NOT be ingested. If accidentally ingested, drink plenty of water and seek medical advice. NEVER make an unconscious person vomit or drink fluids.
Notes to physician	Not applicable

5. FIRE FIGHTING MEASURES

Flammability	This product is not flammable
Flash point	Not applicable
Explosion limits	Not applicable
Suitable extinguishing media	Not applicable
Unsuitable extinguishing media	Not applicable
Hazards due to combustion products	None
Protective equipment for fire-fighters	Not applicable

6. ACCIDENTAL RELEASE MEASURES

Personal precautions ingest	Avoid contact with lungs, skin and eyes. Do not ingest
Environmental precautions	None
Methods for cleaning up	Spillages of dry material should be swept into closed containers for disposal. Accidental release of rehydrated product should be hosed down with water. Treat small and large spillages in the same manner.

7. HANDLING & STORAGE

Handling	Although prolonged contact with the skin should be avoided, no special precautions are required. When handling the material, good hygiene practices should be observed. Employ usual precautions for handling a dusty product and wash hands after use. If using large quantities employ an appropriate cartridge-type mask, which is rated to combat airborne particles in confined spaces.
Fire/explosion hazards	No general hazards known. However excessive concentrations of dust in the atmosphere could create an explosive environment.
Storage advice	Drums should be stored with their seals intact in dry conditions below 30 degrees Celsius. Store all product in a dry location below 30 degrees Celsius.
Co-storage hazards	None known
Further information	None

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Engineering measures	No special engineering required
Control parameters	Not applicable
Personal protection equipment	
Ventilation	Prepare product in a well ventilated area
Respiratory	Do not breathe any dust. Wear a NIOSH/MSHA approved respirator
Eye protection	Wear safety glasses. Avoid contact with eyes.
Skin protection	Wear industrial overalls
Ingestion	Do NOT ingest

Gloves

Chemical-resistant gloves should be worn when handling. Wash hands thoroughly after use. Avoid repeated or prolonged exposure.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Amorphous powder
Normal state	Dry
Colour	White to tan
Odour	Cereal odour

Safety data	Dry powder	Rehydrated powder
Boiling point (°C)	Not applicable	100
Setting point (°C)	Not applicable	Not applicable
Flash point (°C)	Not applicable	Not applicable
Ignition temperature (°C)	Not determined	Not applicable
Auto ignition temperature (°C)	Not applicable	Not applicable
Vapour pressure	Not applicable	Not applicable
Flammability	Non-flammable	Non-flammable
Bulk density (g,cm ³)	0.9	1
Lower explosive limit	Not applicable	Not applicable
Upper explosive limit	Not applicable	Not applicable
Solubility in water	Partial	Not applicable
pH value	Neutral	Neutral
Reaction with alkalis	None	None
Reaction with acids	None	None
Viscosity	Not applicable	Not determined
Solvent separation test	Not applicable	Not determined
Solvent content (%)	0	0

10. STABILITY AND REACTIVITY

Stability	Stable
Hazardous decomposition	Carbon dioxide
Hazardous polymerisation	Will not occur
Further information	Incompatible with strong oxidizing and basic agents. Protect from moisture.

11. TOXICOLOCAL INFORMATION

Relevant LD/LC50 values	
Oral	Not determined for this product at the time of printing.
Inhalation	Not determined for this product at the time of printing
Eye	Not determined for this product at the time of printing
Primary skin	Not determined for this product at the time of printing
Muscle tissue	Not determined for this product at the time of printing
Sensitisation	Not determined for this product at the time of printing
Human experience	Not determined for this product at the time of printing
Further information	Acute effects – none known May cause respiratory, eye and/or skin irritation

12. ECOLOGICAL INFORMATION

Further information

Not determined for this product at the time of printing

13. DISPOSAL CONSIDERATION

Product	Dilute with copious volumes of water and dispose to sewer.
Contaminated packaging	Packaging can be disposed of to domestic landfill after cleaning with water

14. TRANSPORT INFORMATION

Land transport	ADR/RID class: Not applicable Item: Not applicable Shipping name: Sludge Reducer Remarks: None
Sea transport	IMDG-class: Not applicable UW No: Not applicable Shipping name: Sludge Reducer EMS: Not applicable Mfag: Not applicable Marine pollutant: Not applicable
Air transport	Packing group: Not applicable ICAO/IATA class: Not applicable UN/ID: Not applicable Shipping name: Sludge Reducer Packing group: Not applicable
Further information	Remarks: None None

15. REGULATORY INFORMATION

EU labeling classification	Not applicable
Hazardous components	For labelling: None R-phrases: Not applicable S-phrases: Not applicable
Water hazardous class	0 (self classified)

16. OTHER INFORMATION

The information accumulated herein is believed to be accurate but is not warranted to be whether originating with the company or not. Recipients are advised to confirm in advance of need that the information is current, applicable and suitable to their circumstances.

FAT DIGESTER

Material Data Sheet

31/12/08

Date prepared

1. IDENTIFICATION OF THE PRODUCT & COMPANY

Material Identity FAT DIGESTER
Supplier details Cleansing Service Group Ltd
Address Grange Road, Botley, Southampton, Hampshire SO30 2GD
Telephone +44(0)1489 782232 Fax +44(0)1489 789821
Email enquiries@csgwasteman.co.uk

2. COMPOSITION/INGREDIENTS

Description	Proprietary blend of dried consortia of bacteria on wheat bran/ flour base with enzymes and nutrient supplements			
Synonyms	None			
Components	EC No.	CAS number	Content	Classification
Lipase	232-619-9	9001-62-1	≤ 1%	Xn:R42
Protase	232-7352-2	9014-0101	≤ 1%	Xn:R42 R36/38

3. HAZARDS IDENTIFICATION

Under current regulations, there is no specific hazard labelling required for the components at the concentrations used in this preparation

Most important hazards Inhalation of powder and potential skin allergy.

4. FIRST AID MEASURES

General advice	In case of contact, immediately flush eyes or skin with copious amounts of water for at least 15 minutes. Lift eye lids while washing. Obtain medical attention if symptoms persist.
Inhalation	Take normal precautions for handling a powdered product. If symptoms persist, remove individual to fresh air. If the subject is not breathing, administer artificial respiration. These hazards are negated when the product is rehydrated with water
Skin contact	No known symptoms, however some individuals may be hypersensitive to this product. Therefore, wash skin thoroughly with soap and water. Obtain medical attention if irritation persists.
Eye contact	Wash contaminated clothing before re-use. If splashed into eyes, wash with water as above. Obtain medical attention if symptoms persist.

Ingestion	Should NOT be ingested. If accidentally ingested, drink plenty of water and seek medical advice. NEVER make an unconscious person vomit or drink fluids.
Notes to physician	Not applicable

5. FIRE FIGHTING MEASURES

Flammability	This product is not flammable
Flash point	Not applicable
Explosion limits	Not applicable
Suitable extinguishing media	Not applicable
Unsuitable extinguishing media	Not applicable
Hazards due to combustion products	None
Protective equipment for fire-fighters	Not applicable

6. ACCIDENTAL RELEASE MEASURES

Personal precautions ingest	Avoid contact with lungs, skin and eyes. Do not ingest
Environmental precautions	None
Methods for cleaning up	Spillages of dry material should be swept into closed containers for disposal. Accidental release of rehydrated product should be hosed down with water. Treat small and large spillages in the same manner.

7. HANDLING & STORAGE

Handling	Although prolonged contact with the skin should be avoided, no special precautions are required. When handling the material, good hygiene practices should be observed. Employ usual precautions for handling a dusty product and wash hands after use. If using large quantities employ an appropriate cartridge-type mask, which is rated to combat airborne particles in confined spaces.
Fire/explosion hazards	No general hazards known. However excessive concentrations of dust in the atmosphere could create an explosive environment.
Storage advice	Drums should be stored with their seals intact in dry conditions below 30 degrees Celsius. Store all product in a dry location below 30 degrees Celsius.
Co-storage hazards	None known
Further information	None

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Engineering measures	No special engineering required
Control parameters	Not applicable
Personal protection equipment	
Ventilation	Prepare product in a well ventilated area
Respiratory	Do not breathe any dust. Wear a NIOSH/MSHA approved respirator

Eye protection
Skin protection
Ingestion
Gloves

Wear safety glasses. Avoid contact with eyes.
Wear industrial overalls
Do NOT ingest
Chemical-resistant gloves should be worn when handling. Wash hands thoroughly after use. Avoid repeated or prolonged exposure.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance Amorphous powder
Normal state Dry
Colour White to tan
Odour Cereal odour

Safety data	Dry powder	Rehydrated powder
Boiling point (°C)	Not applicable	100
Setting point (°C)	Not applicable	Not applicable
Flash point (°C)	Not applicable	Not applicable
Ignition temperature (°C)	Not determined	Not applicable
Auto ignition temperature (°C)	Not applicable	Not applicable
Vapour pressure	Not applicable	Not applicable
Flammability	Non-flammable	Non-flammable
Bulk density (g,cm ³)	0.9	1
Lower explosive limit	Not applicable	Not applicable
Upper explosive limit	Not applicable	Not applicable
Solubility in water	Partial	Not applicable
pH value	Neutral	Neutral
Reaction with alkalis	None	None
Reaction with acids	None	None
Viscosity	Not applicable	Not determined
Solvent separation test	Not applicable	Not determined
Solvent content (%)	0	0

10. STABILITY AND REACTIVITY

Stability Stable
Hazardous decomposition Carbon dioxide
Hazardous polymerisation Will not occur
Further information Incompatible with strong oxidizing and basic agents.
Protect from moisture.

11. TOXICOLOCAL INFORMATION

Relevant LD/LC50 values

Oral	Not determined for this product at the time of printing.
Inhalation	Not determined for this product at the time of printing
Eye	Not determined for this product at the time of printing
Primary skin	Not determined for this product at the time of printing
Muscle tissue	Not determined for this product at the time of printing
Sensitisation	Not determined for this product at the time of printing
Human experience	Not determined for this product at the time of printing
Further information	Acute effects – none known May cause respiratory, eye and/or skin irritation.

12. ECOLOGICAL INFORMATION

Further information Not determined for this product at the time of printing

13. DISPOSAL CONSIDERATION

Product Dilute with copious volumes of water and dispose to sewer.
Contaminated packaging Packaging can be disposed of to domestic landfill after cleaning with water

14. TRANSPORT INFORMATION

Land transport ADR/RID class: Not applicable
Item: Not applicable
Shipping name: Fat Reducer
Remarks: None

Sea transport IMDG-class: Not applicable

CLEANSING SERVICE GROUP LTD.

HOUSEHOLD CLEANER

Material Data Sheet

Date prepared 6/5/08

1. IDENTIFICATION OF THE PRODUCT & COMPANY

Material Identity HOUSEHOLD CLEANER
Supplier details Cleansing Service Group Ltd
Address Grange Road, Botley, Southampton, Hampshire SO30 2GD
Telephone +44(0)1489 782232 Fax +44(0)1489 789821
Email enquiries@csgwasteman.co.uk

2. COMPOSITION/INGREDIENTS

Description Proprietary blend of citrus oils and surfactants.
Synonyms None
Components

	EC No.	CAS number	Content	Classification
EDTA tetra sodium salt	200-573-9	64-02-8	≤ 1%	Xn:R22 Xi:R36
Fatty alcohol ethoxylate	232-7352-2	9014-0101	1 - 2%	Xn:R22 Xi:R41
Orange terpenes	232-433-8	8028-48-6	1 - 2%	Xn:R65 R10

For full text of R-phrases, see section 16.

3. HAZARDS IDENTIFICATION

Under current regulations, there is no specific hazard labeling required for the components at the concentrations used in this preparation

Most important hazards Splashes in the eyes may cause redness and irritation.
Prolonged or repeated contact with skin may cause redness, itching, irritation and eczema/chapping.

4. FIRST AID MEASURES

General advice In case of contact, immediately flush eyes or skin with copious amounts of water for at least 15 minutes. Lift eye lids while washing. Obtain medical attention if any discomfort continues.

Inhalation Remove individual to fresh air. If the subject is not breathing, administer artificial respiration.

Skin contact Some individuals may be hypersensitive to this product. Therefore, wash skin thoroughly with soap and water. Obtain medical attention if irritation persists. Wash contaminated clothing before re-use.

Eye contact If splashed into eyes, wash with water for up to 15 minutes. Remove contact lens if present. Obtain medical attention if symptoms persist.

Ingestion Should NOT be ingested. If accidentally ingested, drink plenty of water and seek medical advice. NEVER make an unconscious person vomit or drink fluids.

Notes to physician No specific recommendation

5. FIRE FIGHTING MEASURES

Suitable extinguishing media	Water fog, carbon dioxide, dry powder, foam or sand.
Unsuitable extinguishing media	Not applicable
Hazards due to combustion products	Irritating vapours or gases may be formed.
Protective equipment for fire-fighters	Wear self-contained breathing apparatus and protective clothing

6. ACCIDENTAL RELEASE MEASURES

Personal precautions ingest	Avoid contact with lungs, skin and eyes. Do not ingest
Environmental precautions	None
Methods for cleaning up	Spillages should be hosed down with water or absorbed on sand/vermiculite and placed in closed containers for disposal. Contaminated surfaces may be slippery.

7. HANDLING & STORAGE

Handling	Although prolonged contact with the skin should be avoided, no special precautions are required. When handling the material, good hygiene practices should be observed. Employ usual precautions for handling a dusty product and wash hands after use. If using large quantities employ an appropriate cartridge-type mask, which is rated to combat airborne particles in confined spaces.
Fire/explosion hazards	No hazards known.
Storage advice	Store in dry conditions at room temperature. Do not freeze.
Co-storage hazards	None known
Further information	None

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Engineering measures	No special engineering required
Control parameters	Not applicable
Personal protection equipment	
Ventilation	No particular ventilation requirements.
Respiratory	Avoid breathing any vapour or aerosols.
Eye protection	Avoid contact with eyes.
Skin protection	Protect skin from exposure
Ingestion	Do NOT ingest
Gloves	Gloves should be worn when handling. Wash hands thoroughly after use

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	
Normal state	Liquid
Colour	Pale yellow

Odour	Citrus/soapy
Safety data	
Boiling point (°C)	94 - 194
Setting point (°C)	Not applicable
Flash point (°C)	Not applicable
Ignition temperature (°C)	Not determined
Auto ignition temperature (°C)	Not applicable
Vapour pressure	< 1mm at 20°
Flammability	Non-flammable
Relative density (g,cm ³)	1
Lower explosive limit	Not applicable
Upper explosive limit	Not applicable
Solubility in water	Totally soluble
pH value	9
Reaction with alkalis	None
Reaction with acids	None
Viscosity	Not determined
Solvent separation test	Not applicable
Solvent content (%)	0

10. STABILITY AND REACTIVITY

Stability	Stable
Hazardous decomposition	Carbon dioxide and carbon monoxide
Hazardous polymerisation	Will not occur
Further information	None

11. TOXICOLOCAL INFORMATION

Relevant LD/LC50 values	
Oral	Not determined for this product at the time of printing.
Inhalation	Not determined for this product at the time of printing
Eye	Not determined for this product at the time of printing
Primary skin	Not determined for this product at the time of printing
Muscle tissue	Not determined for this product at the time of printing
Sensitisation	Not determined for this product at the time of printing
Human experience	Not determined for this product at the time of printing
Further information	Acute effects – none known May cause respiratory, eye and/or skin irritation

12. ECOLOGICAL INFORMATION

Ecotoxicity	The product components are not classified as environmentally hazardous.
Mobility	The product is soluble in water.
Bioaccumulation	No data available
Degradability	Product is biodegradable. The surfactants in the preparation comply with the biodegradability criteria as laid down in Regulation (EC) No. 648/2004 on detergents. Data to support this assertion can be made available to competent authorities at their request.

13. DISPOSAL CONSIDERATION

Product	Dilute with copious volumes of water and dispose to sewer.
Contaminated packaging	Packaging can be disposed of to domestic landfill after cleaning with water
Contaminated product	Disposal should be done in accordance with nature of contaminant.

14. TRANSPORT INFORMATION

Land transport	ADR/RID class: Not applicable Item: Not applicable Shipping name: Biological Cleaner Remarks: None
Sea transport	IMDG-class: Not applicable UW No: Not applicable EMS: Not applicable Mfag: Not applicable Marine pollutant: Not applicable Packing group: Not applicable Proper shipping name: Biological Cleaner Remarks: None
Air transport	ICAO/IATA class: Not applicable UN/ID: Not applicable Proper shipping name: Biological Cleaner Packing group: Not applicable Remarks: None
Further information	None

15. REGULATORY INFORMATION

EU labeling classification	Not applicable
Hazardous components	For labelling: Not applicable R-phrases: Not applicable
Water hazardous class	0 (self classified)

16. OTHER INFORMATION

Risk phrases	R10 Flammable R22 Harmful if swallowed R36 Irritating to eyes R41 Risk of serious damage to eyes R65 Harmful: may cause lung damage if swallowed.
--------------	---

The information accumulated herein is believed to be accurate but is not warranted to be whether originating with the company or not. Recipients are advised to confirm in advance of need that the information is current, applicable and suitable to their circumstances.

CLEANSING SERVICE GROUP LTD.

SOLUBLE BLEACH POWDER

Material Data Sheet

05/02/08

Date prepared

1. IDENTIFICATION OF THE PRODUCT & COMPANY

Material Identity	SOLUBLE BLEACH POWDER
Supplier details	Cleansing Service Group Ltd
Address	Grange Road, Botley, Southampton, Hampshire SO30 2GD
Telephone	+44(0)1489 782232 Fax +44(0)1489 789821
Email	enquiries@csgwasteman.co.uk

2. COMPOSITION/INGREDIENTS

Ingredients	97% Sodium carbonate peroxyhydrate, 3% sodium carbonate
Synonyms	PCS-S, Sodium Percarbonate, Oxper S
EC (EINECS) No.	239-707-6
CAS No.	15630-89-4

3. HAZARDS IDENTIFICATION

Fire	Not combustible, but contributes to the combustion of other combustible materials.
Inhalation	Sore throat, coughing
Skin contact	Prolonged skin contact with neat product may cause irritation or dehydration of the skin (not relevant in normal use)
Eye contact	Risk of serious eye damage, Irritation, redness, pain.
Ingestion	Harmful if swallowed, Stomachache, diarrhoea, nausea and vomiting.
Classification	Xn; R22, Xi; R41, O; R8

4. FIRST AID MEASURES

Inhalation	Move into fresh air and keep at rest. Get medical attention if any discomfort continues.
Skin contact	Remove contaminated clothing immediately. Wash skin with soap and water. Get medical attention promptly if symptoms occur after washing.
Eye contact	If splashed into eyes, immediately flush with cold water for up to 15 minutes. Remove any contact lenses and open eyes wide apart. Get medical attention immediately. Continue to rinse.

Ingestion	Immediately rinse mouth and drink plenty of water (200 - 300ml), Do not induce vomiting. Provide rest , warmth and fresh air. Get medical attention.
Notes to physician	No specific recommendation

5. FIRE FIGHTING MEASURES

Suitable extinguishing media	Extinguish with alcohol-resistant foam, carbon dioxide, dry powder or water fog.
Unsuitable extinguishing media	Contains oxidative percarbonate, which releases oxygen on activation. Therefore do not spray water on dry product.
Specific hazards	Oxygen
Fire & explosion hazard	Oxidising
Protective equipment for fire fighters	Self contained breathing apparatus and full protective clothing must be worn in case of fire.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions	Avoid contact with unprotected skin and eyes. Wear protective clothing (see section 8)
Environmental precautions	Do not allow concentrated or diluted product to enter the soil or surface water. Spillages or uncontrolled discharges into watercourses must be IMMEDIATELY alerted to the Environment Agency or other appropriate regulatory body.
Methods for cleaning up	Collect powder using a special dust vacuum cleaner with a particle filter or carefully sweep into a clean closable container. Flush with plenty of water. Collect spillage in containers, seal securely and deliver for disposal according to local regulations

7. HANDLING & STORAGE

Handling	Avoid spilling, skin and eye contact.
Fire/explosion protection	Eliminate all sources of ignition. Static electricity and formation of sparks must be prevented. Provide good ventilation. Avoid spread of dust.
Storage	Store in a cool, dry and frost-free place in tightly closed original container. Keep away from combustible materials, heat, sparks and open flame.
Storage class	Oxidiser storage

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Skin protection	Normal use excludes any direct contact with the skin. Wear waterproof gloves preferably neoprene, PVC or nitrile rubber.
Eye protection	Not relevant in case of normal use. Wear approved safety goggles

Respiratory protection	Not relevant in case of normal use. If ventilation is insufficient suitable respiratory protection must be provided.
Environmental protection	(see section 8)

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Crystalline powder
Normal state	Dry
Colour	White
Odour	Odourless, no perfume added
Safety data	
Bulk density	0.9 – 1.2 kg/m ³
Flammability	Non-flammable
Oxydation properties	Product contains oxidative percarbonate
Solubility	Soluble in water
pH value	10.4 – 10.6 (concentrated solution)

10. STABILITY AND REACTIVITY

Stability	Stable under normal temperature conditions and recommended use.
Hazardous decomposition	Oxygen
Materials to avoid	Combustible materials. strong acids, strong alkalis, strong oxidizing substances, inorganic salts, hypochlorite, strong reducing agents, water, steam and water mixtures.
Conditions to avoid	Heat and contact with water

11. TOXICOLOCAL INFORMATION

Relevant LD/LC50 values	
Skin	Light irritation of the skin
Eye	Causes serious eye irritation and serious redness.
Oral	Hardly toxic 1034 mg/kg (oral rat)
Inhalation	Irritating to the respiratory system.

12. ECOLOGICAL INFORMATION

Ecotoxicity	The product contains substances which are toxic to aquatic organisms and may cause long term adverse effects in the aquatic environment. LC50, 96Hrs, FISH 71 mg/litre EC50, 48Hrs, DAPHNIA, 4.9 mg/litre.
Mobility	The product is soluble in water
Bioaccumulation	The product is not bioaccumulating

13. DISPOSAL CONSIDERATION

General information	Waste to be treated as controlled waste. Disposal to licensed waste disposal site in accordance with local Waste Disposal Authority.
----------------------------	--

Disposal method

Dispose of waste and residues in accordance with local authority requirements.

14. TRANSPORT INFORMATION

Road transport

UK road class	5.1
Proper shipping name	Sodium Carbonate Peroxhydrate
UN No (Road)	3378
UK road pack group	111
ADR class No	5.1
ADR class	Class 5.5 ; Oxidising substances
ADR pack group	111
Hazard No. (ADR)	50
ADR label No.	5.1
RID class No.	5.1
RID pack group	111

Sea transport

UN No. (Sea)	3378
IMDG class	5.1
IMDG pack group	111
Marine pollutant	No

Air transport

UN No. (Air)	3378
Air class	5.1
Air pack group	111

15. REGULATORY INFORMATION

EU labeling classification

Oxidising

Harmful

Risk phrases

R8
R22
R41

Contact with combustible material may cause fire
Harmful if swallowed
Risk of serious damage to eyes.

Safety phrases

S2
S3
